## About Us

**ABHIJITH INFRA PROJECTS** is first specialized in plant hire and then moved into contracting in civil engineering and quickly established a reputation for delivering high quality projects on time and within budget. The main concentration of work was the traditional civils market, water and sewerage treatment plants, infrastructural works, Oil & gas Sector, OFC Cable Laying, Smart Meter Fixing, Roads, Industrial Constructions, Real estate Layouts and bridges. The company has grown organically and has become recognized as a quality brand. Since 2004 the Company Directors are in Civil & mechanical field and have branched into alternative markets and identified that wind energy had the best potential for growth. From this time the company has moved forward to become one of the leading players in the industry establishing a strong reputation amongst its broad and prestigious Client list. We have established a close working relationship with all the major players in the industry and have become leading professionals in the provision of a wide variety of Civils wind farm services. Our focus is on working in partnership with our Clients, as we have vast experience in the field of civil engineering we can offer assistance from the earliest stages of a project, to enable us to deliver complex projects in whatever environmental and program restrictions we use our own highly experienced staff who have the knowledge and commitment to deliver quality and timely projects whilst also ensuring a responsible approach to the environment, safety and quality

## Our Statement

We have worked as professional development partners to the industry delivering projects to valued clients in a co-operative and collaborative manner. Our focus and concentration has always been on finding solutions and anticipating problems. There are seldom projects in this industry that do not have either a delay imposed or a sudden acceleration required. All our staff, from management to field staff, are trained with this mindset. We are widely respected within the industry as being at the forefront in quality of work and timely delivery.

The company invested significantly in this sector over the years in human resources, technology and innovation. We have been pushing to further develop solutions and innovation in the civil engineering sector for our clients and have always been successful at finding the cost effective solutions for our Clients by intuition and ingenuity. This has been matched by the timely delivery of complex projects for all Clients. We take great pride in the knowledge that we have always met our Clients requirements and expectations. Where difficulties were encountered we approached them in a structured collaborative manner.

## CIVIL & STRUCTURAL

- Superior Quality and Craftsmanship
- On Time Completion
- Reputable Owners and Subcontractors

## ELECTRICAL – HIGH VOLTAGE & LOW VOLTAGE

- Expedited Schedules
- Lowered Costs
- Reduced Change Requests
- Strong Owner/Contractor Relationship

## TELECOMMUNICATION

- Fiber to the Home (FTTH) Network Solutions
- Fiber Optic Cable Laying
- Cable Splicing, Patch Panels and Necessary Accessories

## SOLAR POWER PLANT

- Civil Works – Foundations and Control Rooms
- Equipment Erection
- Electrical AC & DC Works

## BUILDING SERVICES

- Electrical – Internal & External • Building Automation System
- HVAC
- Plumbing
- Elevators Supply & Installation • Fire Protection & Suppression
- Security and Access Control System
- Telecommunication & Network

## DESIGN CONSULTANCY

- Architectural Design
- Elevator Designing
- Civil & Structural

- Fire Protection
- Electrical HT & LT
- Telecommunication & Network
- Interior Designing

## PROJECT MANAGEMENT CONSULTANCY

- Involved in Total Project Life Cycle
- Solar Power Plant
- Building And Infrastructural Project
- Electrical High Voltage Projects
- Improve Processes and Operational Performance
- Construction Site Quality Management
- Supervision and Reporting of Site Quality Practices
- Planning, Cost, Risk and Quality Management

## SAFETY MANAGEMENT CONSULTANCY

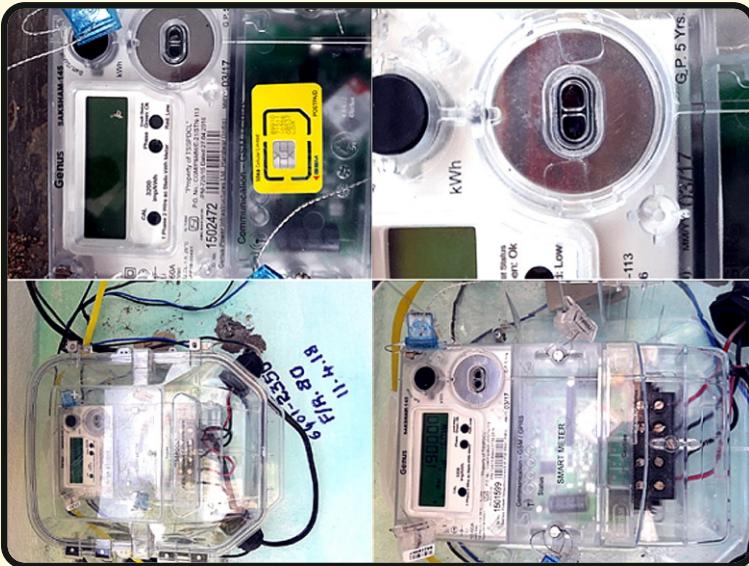

- Prepare Safety Plan
- Safety Induction Courses to Construction Companies
- Construction Site Safety Management
- Supervision and Reporting of Site Safety Practices

## FIRE SUPPRESSION & FIRE PROTECTION SYSTEM

- Fire Detection and Suppression System
- Fire Hose Reel System

## SALES & SUPPLIES

- Electrical Equipment & Accessories
- Elevators, Escalators & Travelator
- Cable Trays, Cable Ladders and Cable Support Structure
- Specialized Lighting Solutions, CCTV, Biometric Access Control Systems
- Telecommunication Equipment and Accessories

Fixing of Smart Meters in Hyderabad Area

Construction of Smart City Signaling Work At VIZAG

Construction of Jio Foundations at ANNAKAPALLI

Construction of Compound Wall  
Work for RPTPL - Vizag

Construction of G +4 Residential  
Building at LIC Colony VIJAYAWADA

Construction of Control Room for  
Floating Solar Project - Vizag

Construction of PCSS Building for  
NLC - Arrapukottai (Tamil Naidu)

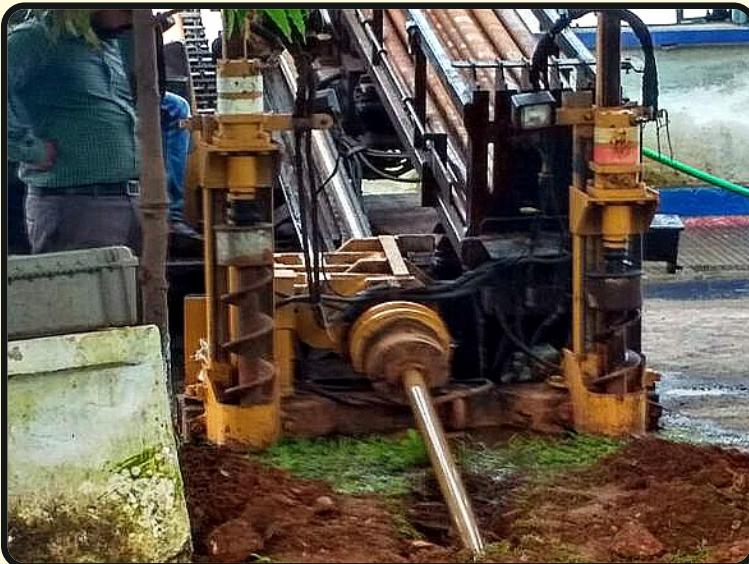

Construction of Reservoir work  
near VIJAYAWADA

Construction of 15 MW Solar Project  
at ramannapet For Suzlon

Construction of Optical fiber Laying  
for TCIL - Vizag

Construction of Optical fiber Laying  
with HDD for TCIL - Vizag

Construction of Road Work for Atidi  
Properties - VIJAYAWADA
